

Wyndham Central College Career News

No. 06: 09 May 2016

The Wyndham Central College Career Newsletter will be published fortnightly to keep students informed of events relating to their career pathways. It will include information regarding tertiary pathways – University & TAFE – as well as employment/industry pathways. The Careers Office, in the Student Services Centre, is a resource centre for our students with current institutional handbooks and brochures at their disposal. Students are invited to visit, browse and question. An open door policy exists to ensure students make informed decisions about future pathways. Initial Year 12 interviews have been completed to assist students with the momentous decisions facing them this year. Year 9-11 Career Interviews commenced this month. Parents/guardians are welcome to take advantage of the services provided. Appointments can be made to discuss the future pathways of their children. The Years 7 to 11 Careers Programs will commence this term. More information to follow shortly.

✚ ELITE ATHLETE BONUS ENTRY SCHEME

La Trobe is one of only **three Victorian universities** that offer **bonus aggregate points** for elite athletes. It is available to domestic undergraduate applicants:

- who are classified as **an elite athlete**
- whose sporting commitments have **impacted on their previous studies**
- who **apply for admission** to La Trobe via the **Victorian Tertiary Admissions Centre (VTAC)**.

Under the scheme eligible students receive five bonus aggregate points (onto their ATAR) towards their entry score for admission

See: www.latrobe.edu.au/sport/elite-athlete)

NOTE: Other universities offering a similar athletes scheme are **ACU**

see: www.acu.edu.au/study_at_acu/alternative_entry/elite_athlete_and_performer_program) and **Melbourne**

see: www.futurestudents.unimelb.edu.au/admissions/high_achievers_programs/elite-athletes-and-artistic-performers).

Melbourne also has an **Artistic Performers Entry Scheme**

✚ WORLD-FIRST BLOOD TEST FOR PARKINSON'S DISEASE

La Trobe researchers have developed a diagnostic blood test which could change the lives of people with Parkinson's. Currently no clinical biomarker test exists and the only means of diagnosis is a neurological examination. By the time patients have symptoms, large numbers of brain cells are destroyed. The new test will enable doctors to detect abnormal metabolism of blood cells and allow earlier treatment.

EXPLORING OCCUPATIONAL THERAPY AS A CAREER...

You are invited to an information and demonstration evening to hear from Occupational Therapists experienced in **spinal rehabilitation, hand therapy, mental health, neurology and oncology**.

These evenings have proved to be a great opportunity for students/parents to hear from OT's working in their **specialised domains, observe demonstrations**, and have **questions** answered.

When: 5.00pm Registration, 5.30-8.00pm Presentation and Questions

Where: Education Precinct, Level 4 Austin Tower, Austin Hospital, Studley Rd, Heidelberg

Apply: ASAP, but by 24 June to keely.zenner@austin.org.au (successful students will receive a confirmation email – maximum of two attendees per reservation).

AVIATION FOR WOMEN CONFERENCE...

Moorabbin Flying Services in conjunction with the Australian Women Pilots Association are holding a conference aimed at encouraging **teenage girls to take the first step in pursuing a career in the aviation industry**.

With a predicted shortage of skilled employees, this is a wonderful opportunity to share your enthusiasm and passion with young women in the industry. Woman Pilots, Air Traffic Controllers, Aviation Fire Fighters and Cabin Crew will be in attendance.

INTERESTED IN THE FASHION INDUSTRY?

A speaker at a recent professional development program for career practitioners at Box Hill Institute pointed out that the industry is looking more closely at **the impact it has on the environment**. More garments use **organic cotton, recyclable synthetics, materials offering more durability** and which **require less washing**, and **re-using materials**, and more **man-made fabrics**.

Fashion designers work as pattern makers, designers, and in product development.

Internships are often available, and these can lead on to employment.
