

Dear parent/carer,

YEAR 12 PARENT PAYMENT ARRANGEMENTS 2026

Wyndham Central College is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions voluntarily made, together with the ongoing support of our families ensures that our school is able to offer the best possible educational experience and support for our students. We thank you for your continued support, as this has made a huge difference to our school and the programs we can offer.

Within our school this support has enabled us to provide a wide selection of subjects and specialised curriculum; enhance digital learning opportunities which are strengthened by a dedicated information technology system; deliver a comprehensive educational experience for your child in a conducive environment; improve the school grounds and facilities; expand the sport equipment/spaces and clubs available to students during break times; together with offering a rewards program for students who demonstrate our School Wide Positive Behaviours and values.

The college also offers outstanding facilities that support student learning in subject areas such as food technology, woodwork, art and STEM. This is nestled in large grounds that accommodate many sporting fields including rugby, soccer, cricket, table tennis and basketball centres, along with passive and relaxing spaces.

Wyndham Central College is the first Australian school to be awarded the title of Highly Certified AVID School. The Advancement Via Individual Determination program delivers to students' explicit academic tools and strategies needed to succeed at university using the WICOR framework, and entry into tertiary education by our students has a proven success rate.

Students therefore require the appropriate learning resources and by financially supporting curriculum costs to enhance their experience, together with supplying your child with a laptop and textbooks, you will ensure their educational outcomes required to be part of the future and global citizens.

Enclosed with this document is a one-page overview on the Department of Education's Parent Payment Policy, details related to the purchase of laptops from Learning with Technologies and the booklist from Champion Education.
